

Arizona Asthma Coalition

July 1, 2010

Dear Friend:

More than ever before we need your support, so please renew your membership in the Arizona Asthma Coalition today. Without the Coalition there would not be an annual Asthma Conference, Asthma Guidelines for Schools, tool kits for providers, patients and school nurses. There would be one less organization advocating for cleaner air and better access to healthcare. Without your support, as individual members or major donors that could happen! To continue to bring asthma awareness, advocacy and education to the Arizona community ***we need your support now!***

The Arizona Asthma Coalition is a non-profit partnership founded in 1996 by concerned stakeholders in public health, environmental services, managed care, individual physicians and nurses. The ***mission*** of the Arizona Asthma Coalition is to advocate for better services and improved quality of life for Arizonans living with asthma through education, partnerships and coalition building.

The Coalition has been very active over the past year, developing opportunities to help physicians and patients achieve better asthma outcomes. We know that you are involved with the Arizona Asthma Coalition, because you are passionate about improving the lives of people living with asthma in Arizona. However, there are some additional benefits to becoming a dues paying member. Only dues paying members can:

- ❖ Vote on all AAC business
- ❖ Receive a significant discount to the annual Arizona Asthma Conference
- ❖ Receive discounts to other asthma events and products

This year, please consider asking your organization to become a Major Donor. We know we can count on you to support the work of the Arizona Asthma Coalition!

Sincerely,

Lilia Parra-Roide, MD

Chair
